			ward seems to be getting out that something will be happening and calls out on social media to come out -	
			hard core hardening plan to be wrapped up to be approved.	
1444	E/C		Phil agreement to please time for messaging	
1448			In light of this morning need to get messaging to members on what Unified Command means.	
1500	Thompson	E/C	change in Dynamics of the crowds towards police since the messaging went out.	
1508	—		meeting w/ Springer/ Lee/ Bernier/ Posa	
	E/C		first escalating of message is not being received well - can see a change in Dynamics of how they are responding to police presence.	
	Lee		Starting tomorrow putting people in place - why are you here and you can't be here.	

Time	from	to	Notes
1511	Boss		Will go check on hardening
1511	E/C		core plan readiness - know that people are messaging to Congregate downtown its important to have it ready and ready to put resources in place to action.
	Boss	EC	core hardening plan where concept is there (red zone) hoping to have it ready by 1600 hrs (Parson to 417)
	E/C		ASK for more than red zone for hardening.
1519			where are you heads @ w discussion on POI plan presented this morning?
	Lue		Darin walked me through - after conversation he will write down how we will do all the diff. scenario. Using EDU DGS - making sure all doors opened - if not open plan is to open all of them in the end if you get someone out of a trailer and gets them out - who comes he is out of Ottawa

time from	to	Notes
Springer		Section 10.1 portion of the act is what we can use.
E/C		on large scale - I get what they are trying to do - but so many Pods - concerned how controlling southern end while doing that?
Lue		Either fence / Leave officers where cleared - use barriers trucks - anything to make sure nothing gets by.
E/C		Kent / Bank / Metcalfe are hot spots
Lue		like compressing a den.
Bosa		can't count as many snow plows as we thought cause of snow coming.
		also don't have enough barriers as we thought.
Springer		slowly if we only look to zone 1/2 Friday we stop we could saturate Wellington hard foot - uniforms saturated (400 cops) what we have left is compressing.

			was also delivered Coventry/Embrun. . Plt was surrounded @ Coventry and had to leave the area.
			Developped stranger messaging and it's ready to go out - pending app- social media team - will do text/phone this evening - hand out tomorrow - suggesting QRT in place due for to have it's getting received.
	Walker		Way of Linking QRT's w PLT briefing tomorrow @ 0600 ⁰⁷³⁰ hrs.
	E/C	Walker	How many do you need?
	Warrel	E/C	Would be ideal to have 8 QRT teams.
	Walker		locke morning → break → release and then for safety initially when message is relayed in the morning.
	E/C	Lucas	are you able to task 8 QRT in morning?
	Lucas	E/C	Don't think I have that many QRT's and still need some for red zone response.

time	from	to	Notes
	lucas	E/C	can move 24 for OBTs and that will leave me w 24 for red zone.
	E/C	lucas	will prioritize w staffing to work on OBT to use for morning.
	lucas	E/C	will have a discussion w RCMP lead here @ MCPCC we are turning up the heat so we will need to increase our resources accordingly.
	E/C	Planagan	what will POU plan look like when safety element is there last messaging is done fall back behind us.
	PLT Marcel		OP will be going in uniform tomorrow @ friday.
	Media		Messaging → joint messaging about united command → internal membership message → msg to Bell about deploying assets. → new / stronger messaging → controlled area info

<u>time</u>	<u>from</u>	<u>to</u>		<u>Notes</u>
	W/0000 E/C		Can send that out now. Can you broadcast message on radio so officers on the ground know - will push to teams briefing @ 2100 hrs.	
	E/C		Media / social media ↳ change in posture.	
	hue Springer etc.		to send mid-day (ish) once we have the resources in place but no later than lunch time or earlier if they have the bodies.	
	E/C		So everyone clear - we want a strong hardening core plan - restricting access. to start tomorrow - traffic / RCMP w/ cruisers led. + messaging to officers @ check points and what their authorities are.	
	Paragon		planning team - stressors - misunderstanding on their roles. everyone stays in their lanes.	
			concept being presented: * Country will be last target : assistance traffic / NATO	

time	from	to	Notes
	Paragon		same messaging / looking down Countryside as well
	Springer		if we create Countryside hard might create a stress on our resources (→ move to Canadian fire p-lo possibly). It will split our efforts.
	Lucas		Starting to fortify Wellington moved a trailer perpendicular to parliament - lead by REDACTED
	Springer		It's nothing for the loaders to move - not a problem.
	Paragon		@ 14 Sections now for POU Command Structure - Sustainability 12 hr cycle (breaks ^{every} 2 hr) Mathieu Bertrand (ACMA) Will be the other 12 hr Commander Sure to be doing swearing in tonight or tomorrow Am - POU briefing here @ 8Am tomorrow Friday 5Am briefing.
